Sonoma Valley In Parade With Float

Valley of the Moon, Its Products, Attractions
To Be Depicted. Business Men and
Promotion Bodies to Aid.

It has definitely been decided to have Sonoma Valley fittingly represented in the big parade of the Sonoma-Marine counties fair at Petaluma on August 19th. This week the Sonoma Business Men's Association got in touch with San Francisco designers and artists with the result that a contract is to be at once let for the building of a magnificent float. The float, which will depict the beauties, products and attractions of the Valley of the Moon, will cost several hundred dollars and is original and beautiful enough in design to capture the \$500 prize offered by the Petaluma Chamber of Commerce. The Sonoma Business Men's Association has contributed \$100 to its building and requests the aid of every other promotion body in the valley in the financing of the plan to give Sonoma Valley the representation at the county fair which it merits. The Valley of the Moon Chamber of Commerce, the Boyes Springs New Improvement Club and other organizations have pledged their support.

Definite contributions to the float fund should be made at once. The time is short. Not only are organizations requested to contribute to the float, but individuals also, who believe in progress and representation such as the valley will get at the big fair can mail their checks to the secretary of the Sonoma Business Men's Association and thus aid the good work.

Some of the valley's prettiest young girls will have a place on the float, which will be the finest parade feature which has ever been sent out by Sonoma Valley.

Mr. and Mrs. Beeson of Glen Ellen have returned from the Yosemite.

CODUTTI IS INJURED IN AUTO ACCIDENT

S. Codutti, while driving to Petaluma with a party of friends to inspect some cement work, had the misfortune of being in an auto accident near the Ramelli ranch one day this week. The driver of the car ran into some heavy gravel and as a result the machine skidded and upset. Codutti was painfully bruised about the face.

PROHIBITION OFFICERS AGAIN RAID VALLEY

Warrants Are Served On Several Resort Owners In El Verano Wednesday Afternoon.

That Sonoma Valley is to be as clean-swept of strong beverages as the dry agents can make it, is evidenced by the third big raid of prohibition officers which occurred here Wednesday. The federal agents descended upon several El Verano resorts and served warrants. Besides some resorts previously raided, they flashed their warrants this time on the Helvetia Hotel, El Verano Villa and Our Resort. It is said that a detective named Vail has been turning in reports on Sonoma Valley and is responsible for the warrants issued. As a result, the resort section of the valley has turned from a carefree, merry joy zone into a veritable vale of tears. The lid is on.

OLIVO MAFFEI HAD BAD AUTO ACCIDENT

Car Overturns While Attempting to Make Turn and Maffei Has His Scalp Torn Open.

Olivo Maffei, of the well known Maffei family, and connected with the local meat market, had a serious accident Wednesday night when his car overturned on a sharp curve near the G. S. Harris place. The machine pinned Maffei beneath it and its engine kept on running.

By superhuman effort the victim of the accident managed to extricate himself from the wreck, but when assistance arrived, he lost consciousness. The injured young man was hurried to the office of Dr. Hays, where it was found that his scalp was torn wide open, the surgeon taking fifteen stitches to close the wound. Maffei was also injured about the chest, but the real extent of his injuries may not be completely known for several days.

The car, a Ford, was badly damaged

Road Investigators Got Hot Reception

Black Point Cut-Off Inquiry Leads to Order
From Highway Commission for Contractors to Increase Equipment.

The mass meeting held in Sonoma two weeks ago when irate citizens

heard a report on the Black Point state highway construction work and decided to take steps to get more action was followed by immediate investigation of conditions at first hand. A committee headed by Engineer H. H. Jones of San Rafael, R. Lichtenberg, W. R. King and an official photographer visited the scene of present construction work and viewed the equipment and method of road building being used by Grant, Smith & Co. the contractors, and sanctioned by the Highway Commission inspectors. The presence and activities of the investigators were resented and they got a hot reception, which included torrid language and a real fire which started on ranches abutting the state highway and for a time menaced the entire surrounding country. The Sonoma Valley boosters got in and fought the fire until the arrival of the chemical from their home town, Boyes Springs and some of the boys ruined their summer suits and singed their eyebrows while on the mission for good roads. The fire, which happened on July 27th, was attributed at the time of its origin to the exhaust from a gasoline engine at work on the highway, but to the surprise of the road committee, the tip of an irate road inspector bent on revenge at their interference in road progress caused insurance adjusters to come to Boyes Springs Wednesday and sharply interrogate those on the highway the day of the fire as to their activities. It appears that the A. W. Foster ranch is insured to the extent of \$3 per acre and if it can be proven that the fire was started through carelessness of anyone, the insurance company would naturally profit. The Sonoma road boosters were naturally surprised at the puerile attempt to connect them up with the conflagration, but cheerfully told all they knew in regard to the big fire and the assistance they

rendered John Yenni and other ranchers on the day in question.

Meanwhile, the Sonoma Valley committee had reported their road findings to the State Highway Commission and asked for better consideration at the hands of the contractors. The merit of Sonoma's plea for the Black Point road completion was immediately recognized and the Highway Commission last week ordered Grant, Smith & Co. to put on another asphalt mixer and other equipment to facilitate progress on this important gateway into Sonoma and Napa counties.

The contractors in defense of their position say the worst part of the construction work is over and that they had already decided to put more machinery and men to work on the Black Point job. They claim that now that Warrenite patents have run out, that this piece of road will really be Warrenite when completed and one of the best pieces of work in the state.

The Sonoma road boosters have much interesting data and a number of photographs on Black Point construction which they will present to the people at another meeting, to be called here soon. Engineer Jones, who is in the employ of the committee, is keeping in touch with the work as it is now going on, and will render a report.

J. G. Marcy, the pioneer plumber, has left the French Hospital and is visiting his daughter in Marin county. Mr. Marcy's many friends will be pleased to hear of convalescence.

Mrs. T. Holt and little son and Miss M. Clewe returned to their home in San Francisco Monday after a delightful visit in Sonoma with their brother, Will.

Mr. and Mrs. James Tate and family, who have been up north, write enthusiastically to friends of their motor trip over the Columbia River Highway.

NICE VICTORY FOR SHERIFF JOHN BOYES

Sonoma County has in the person of John M. Boyes an officer who knows the law and who cannot be bluffed as was made evident in the mix up over Teeling, the Sonoma Valley man arrested on a charge of bootlegging and whom the prohibition officers tried to force the sheriff to take without a warrant and the episode is going the rounds over the state and is giving the sheriff much healthy advertising. The sheriff is not going into any

damage suits with his eyes open and he knows the game. Prohibition Director Rutter of San Francisco admitted that the sheriff and his deputies had no right to imprison the man. Teeling was imprisoned in the Petaluma city jail and was admitted to freedom on bail when the officers were about to turn him loose.

No warrant had been issued against Teeling and had there been one, it would have been directed to the U. S. marshal and only that officer or one of his deputies could have served it under the existing conditions. Sheriff Boyes is enjoying the notoriety and the advertising and it is a strong point in his election campaign because he knows what he is doing and insists on doing what is lawful.

In declining to accept the prisoner and refusing to allow his deputies to do so, he cited many parallel cases of the past, showing that he had kept posted. At all events, he proved to be right and that is a big thing and a victory for him.

The Chronicle stated that the U. S. marshal had sent a man here in a car capable of making 90 miles an hour to take the prisoner after acting marshal had phones that he would free Teeling. That car must have punctured a tire, for it has not yet arrived.—Petaluma Argus.

boys wherever he goes on his different visits through California, which accounts for the intimate acquaintance.

Emil Vincent, El Verano boy, has accepted a position with the S. P. Company of San Francisco in the Supply Department.

Fred Hansen, popular Sonoma hatchery man, was in town Monday, shaking hands with his many friends, who were glad to see him.

Joe O'Donahue is registered at the Helvetia Hotel from San Francisco. Joe is having a good time and thinks the Valley of the Moon is all right.

Miss Edith Luciani of Agua Caliente was a San Francisco shopper the first of the week. On her return she was accompanied by her friend, Miss Marie Hoffman, who will spend a few weeks in the Valley of the Moon.

The sad news reached here the latter part of last week of the death of George Gale at Michigan, father of S. P. Station Agent Gale, of this place. Mr. Gale had been ailing for

some time, but last reports received stated that he had recovered from a recent operation. Mr. Gale had visited here several times and made many friends who were pained to hear of his death.

A. Gull is spending his annual vacation at the Family Hotel. Mr. Gull for the past 20 years has been coming to El Verano and his many friends are glad to see him. He is a well known San Francisco business man.

Buck Holly, El Verano's crack middleweight boxer, in San Jose last Friday evening, fought a draw with Heine Hendricks. The fight was a tough one, with Buck in the lead. A large crowd was in attendance.

The following election officers will serve on the El Verano Board at the primaries on August 29: Inspector, T. H. Baines; judges, D. W. Corbin and George Weaver; clerks, Albert Rossi, Emily Kearney and Hazel Baines.

The S. P. Company the last week has made up the largest freight trains at Santa Rosa known in railroad circles on this division. The trains were composed of carload fruit, and numbered from 60 to 70 cars each day. The S. P. is certainly doing a big business and a switch engine was dispatched to Santa Rosa last week to make up these trains for the regular freight trains.

Saturday, in the wilds of Schellville a man boarded the S. P. rattler. The conductor, on inquiring his destination was informed that he was headed for the first town that boasted a barber shop. The stranger landed in our tonsorial parlor and was pruned up. He departed on the afternoon train, a new man. He had a whiskerino most beautiful to behold, when he arrived, which had been sprouting for some time.

A telegram has been received by Charlie Miller of Agua Caliente Springs, head masseur and former pugilist, from Jack Dempsey, champion heavyweight American boxer of the world, offering him a position in his training camp at Chicago. Ted Hayes, his former trainer, has been discharged. The ex-motorman will not accept the offer. It is thought that Miller, who has fought and won from Jess Willard and knows his game, is sought by Dempsey in anticipation of a bout with the giant cowboy.

VINEBURG NEWS

Henry Bates, Sonoma city trustee, and one of its most popular business men, accompanied by his mother, Mrs. Amelia Bates, transacted business in this vicinity on Wednesday of last week.

Mr. and Mrs. C. Rasou, and son and daughter visited Mr. and Mrs. John Batto while on their way from Calistoga to San Francisco.

Mrs. H. Bartoli, nee Rose Basaglia, of Sonoma, now occupies a desk in the office of John Batto & Sons for the time being. Mrs. Bartoli was an old employee of the firm before her marriage and all the old customers are glad to see her back again.

Peaceful Vineburg, like Rip Van Winkle, has woke up and now on every side you see everyone getting a move on. Both packing houses are working to full capacity and a great number of persons are employed in handling the season's crop. Loaded cars are going out daily and on Thursday of last week two cars of pears were shipped by the C. B. Williams Company. The station agent is quite a busy man, but at this stage of the game hard work is Grover's middle name and he don't worry about it.

Miss Kate Bosch has been a guest of friends and relatives in San Francisco.

Messrs. Frank Allen, Theo. Beach, Clifford Monk and some other expert Nimrods started last week on a deer hunt, but as all of these gentlemen are good looking and have a winning personality, we are in doubt as to which kind of deers they will land, as there are some "dears" where they are going.

After a month's pleasant visit as the guests of Mr. and Mrs. John Batto, Mr. and Mrs. August Figone and family returned to their San Francisco home last week. Miss Evelyn Batto, also accompanied them and will be their guest for a time.

HOME VALLEY LURES VACATIONISTS

Mr. and Mrs. George Garside of Oakland have been at Boyes Springs enjoying their annual vacation. Mr. Garside is a well known theatrical man. Mrs. Garside, as Miss Mary Burke, spent her girlhood here and still loves Sonoma Valley. Her old home was the present C. C. Bean residence on Broadway. Her mother is still living and although over 70 years of age, enjoys good health. The Burkes have resided in San Francisco ever since leaving Sonoma.

CANDIDATE FOR DISTRICT ATTORNEY WAS HERE

George W. Libby, city attorney of Sebastopol and former purchasing agent for Sonoma county, is a candidate for district attorney of Sonoma county at the coming primaries and was in Sonoma Valley Wednesday in the interests of his candidacy.

Mr. Libby is widely known throughout the county and is said to be an able lawyer and indefatigable worker. See his political announcement in another column.

D. HATTON MET WITH ACCIDENT

David Hatton, who has been in Humboldt county building bridges, with his son-in-law, Martin Zimmerman, met with an accident when a heavy timber fell on his foot, badly crushing his instep. As a consequence he returned home Sunday, accompanied by his wife and little grandson, Teddy. The Hattons declare Sonoma Valley has all the rest of the country along and in the Redwood Highway district outdistanced when it comes to ideal climate. They found it very cold and foggy in the vicinity of Carlotta, where the bridge builders camp is located among the gigantic redwoods.

SONOMA WEST ITEMS

Mrs. A. V. Hougard of Hayward, and Mrs. Lillian B. McBride of San Francisco returned to their homes after a week's visit with their parents, Mr. and Mrs. George Campbell of Sonoma West.

Mr. Neuman of Boyes Springs continues to improve in health and while at the Sanitarium here received a pleasant visit from his niece, Miss Von Buskirk of Marysville.

JOE RYAN SAYS

ELECT SHERIFF BOYES

Having served as a deputy sheriff under Sheriff John Boyes for the past two years and having a thorough knowledge of how he conducts his office, I take this opportunity to commend him to the voters of Sonoma county. Being interested in the work which falls to peace officers, I have naturally made a close study of the requirements of a sheriff and must say that John Boyes fills the bill. Thoroughly honest, unbiased, fearless and efficient he has all the qualities of a good official and has met every test. His deputies work in thorough accord with him and he gives them customary powers, having confidence in their ability to do him and the office he holds credit. We believe Sonoma county's record for law and order under Sheriff Boyes term of office is as good or better than any county in the state. I was appointed a deputy by my late lamented chief, Sheriff Jim Petray, and upon his death continued in office under Sheriff Boyes. It did not take long to realize that Boyes knew his business and would "make good." This has been his aim and his every action has proven him to be a "square shooter," and a man of character. From what I know of the voters of Sonoma county, this is the kind of a man they want in the sheriff's office, and that John Boyes will be elected by a handsome majority, there is little doubt. I want to see Boyes win and commend him to my friends. Signed:

JOE RYAN.

CUPID FRAMED MATCH AT EL VERANO VILLA

That Cupid is some boy and is a quick worker when it comes to match making there can be no doubt after the romance consummated by the little love god last week at El Verano Villa.

Miss Annette Cronin, Piedmont belle and University of California co-ed, who was summering at the Villa, met Louis Vincente of San Francisco also vacationing in the Valley of the Moon. They met on Wednesday and were married on the following Saturday. Under the magic of a romantic Sonoma moon they decided to elope and so on Saturday quietly made a trip to Napa where a license was obtained and Rev. Father Motherway tied the nuptial knot. Mother Vincente was in on the secret and with Tom Garber stood up with the happy young couple.

Mother Cronin, without any idea of the fact that her daughter was a bride took Mrs. Vincente back to San Francisco with her before being told of the wedding. She later was told all and gave the newlyweds her blessing.

With romance in the air, the guests at the Villa had a mock wedding ceremony and send-off Sunday for two of their guests, Miss Eileen Horgan and Bill Devincenzi. When this couple departed for San Francisco they were escorted to the train with shower bouquet and rice, the bride being decorated in a veil and other customary wedding regalia. All along the line and on the train they were given a hearty ovation.

The summer colony greatly enjoyed Cupid's pranks and are deluging Mr. and Mrs. Vincente with good wishes.

JOHNSON'S PROGRESSIVE LAWS AND RICHARDSON

The more than 200 newspapers in California supporting Friend William Richardson for the Republican nomination for governor do not favor the elimination of the progressive laws enacted while Hiram Johnson was governor. What these newspapers do demand is that these laws be administered economically. They favor the consolidation of some of the commissions with a consequent reduction of the cost of government. When it is remembered that the cost of state government under Governor Johnson was only \$35,000,000 and that the cost is now over \$91,000,000, it will be readily understood that the Stephens administration has been unreasonably extravagant. The Johnson progressive policies can and should be maintained at a cost far less than the \$91,000,000 we are now compelled to pay and Friend W. Richardson will see to it that this is done.—Ex.

Dear Sirs:—
With reference to the enclosed clipping which appeared in your paper on July 29th, Miss O'Brien has requested that the following notice appear in your next issue: "That the car is paid for in full (\$2,000.00), and that suit was brought under a misapprehension, caused by vicious and jealous statements made by residents in the Sonoma Valley. The writer's dealings with Miss O'Brien have been everything that could be wished for by any business man. The suit was dismissed within a few hours of being filed."

VOTERS! WAKE UP AND VOTE AGAINST THIS GRAFT

Through the efforts of those who have access to the public records at Sacramento, much startling data showing the state of extravagance under the Governor Stephens administration is coming to light. Voters, read the following, and if you can then consistently vote for Governor Stephens' extravagant whims, you deserve to be disfranchised.

There is a candidate for governor who is going to put an end to such spectacles at the state capital. He is Friend W. Richardson, present state treasurer. Read and digest this:

Much has been said of the great achievements of State Industrial Welfare Commission for "suffering humanity," in the past few years. Certain it is that the expenses of this Commission have grown by leaps and bounds under Governor Stephens' administration.

The expenses of determining the minimum wage for women and investigating their welfare in 1915 were \$17,006.99. In 1922 these expenditures totaled \$53,923.03—more than three times as much.

Some of the details of this \$53,923 expended in 1922 on behalf of the poor working girl is of considerable interest—both to the working girl and the taxpayers.

Voucher 18005 in the state records discloses the fact that Mrs. Katherine Phillips Edson, a member of this commission, was appointed a member of the Conference on the Limitation of Armaments. Not wages, but armaments. Upon receiving notice of this appointment, the Industrial Commission passed a very formal resolution to the effect that, whereas Mrs. Edson had been appointed a member of this conference, and whereas, the minimum wage had an important bearing on re-adjustment conditions, the Commission should pay her expenses.

If you know the answer to this you know who killed Cock Robin.

The voucher further discloses the fact that Mrs. Edson was paid \$276.30 for her hotel bills and food from Nov. 12 to Dec. 22 in Washington, D. C., and that she also received \$270 per diem and \$30 for general expenses for the month of December.

According to voucher 13623 Mrs. Edson was paid \$381 for her per diem and expense for November in addition to the above sums. The theory of paying these per diem for attendance to the work of the Commission while in Washington is not disclosed. The total amounts collected by Mrs. Edson for November and December per diem and expenses was \$957.30.

The preceding year also holds a touching instance of the relief extended suffering humanity. In May Mrs. Edson attended the California Federation of Women's Clubs at Yosemite. No resolution was necessary in this instance to charge the state \$10 per diem for five days at Yosemite, nor for the transportation and hotel bills amounting to \$57.45 additional. The total amount paid to Mrs. Edson for these services was \$107.45.

Attention is called to the fact that almost one-half of the total cost of maintaining Whittier State School is due to the pay roll, 44.7 per cent of the total expenditures going into the pockets of the 107 employees at the institution who care for 305 boys—one employee to three inmates. That, however, is a rather mild form of "squandermania," as compared to the Pacific Colony and some other institutions.

GRAPE GROWERS HOLD MEETING TODAY

An important meeting of the grape growers of Sonoma County will be held in Santa Rosa today in the supervisors' room of the court house in Santa Rosa. The meeting will be called to order at 1:30 o'clock by C. L. Crawford, president of the California Grape Protective Association and one of the leading questions that will come up for consideration will be the adoption of resolutions to protect the grape growers of this state from the threatened importations of grape juice, grape syrup and fresh grapes from Europe, South America and Algeria by asking that a suitable tariff be put on these products.

E. M. Sheehan will discuss the grape situation and give the latest reports on the car situation, prices and the demand for wine grapes while H. F. Stoll will talk on the effort that is being waged to defeat the Wright State Prohibition Enforcement Law that will be Proposition No. 2 on the November ballot.

Over 900 personal invitations to the meeting were mailed out by Victor Pizzetti, Carl Haehl and E. G. Smith, who are directors of the state organization.

ANNOUNCEMENT!

All citizens who believe that the Republican and Democratic parties are not controlled by, nor are they in sympathy with, the masses of the people; that present economic conditions and the welfare of the nation demand the organization of a third party, The People's Party, to supplant the two old parties, are requested to send name, address and contribution, if any to J. H. Chandler, National Organizer, 500 Fifth Avenue, New York City. Salary paid to organizers who can qualify.—adv.

FIRE WORKS AT THE STATE FAIR

Fireworks displays at this year's State Fair, September 2 to 10, will embrace a number of features new and novel to the Pacific Coast, it is announced by Secretary Charles W. Paine.

Pyrotechnical reproductions of the sinking of the Lusitania, the siege of the Dardanelles and a battle at sea will be among the features, while a photograph of Governor Stephens also will be reproduced.

In addition, the usual run of fireworks will be set off each night by men who have had charge of the night spectacles at some of the largest fairs in the country.

Champlin & Peck, The Jersey Dairy, wish to thank this paper for a dozen new milk customers—of the right sort, the permanent kind, obtained as a direct result of last week's advertising.

Some of these dropped us a postcard, addressed to Sonoma, asking us to call and begin serving milk at once—which we were pleased to do.

We wish your readers to know that we really like to serve the all-year-round residents of the Valley even better than we do the summer folks.

The demand for our "Yester-Laid" eggs is increasing. They come in neat cartons, a dozen to a carton and are sold mostly to our regular milk customers at the same price as ordinary eggs. We guarantee the freshness and cleanliness of everything that we produce and sell.

The public acts as though they had just been waiting for us to get into this business.

We thank you. adv.

RECEPTION TO MISS MILLER

The many warm friends of Charley Miller, the massaging doctor of Agua Caliente, planned a little surprise for Charlie's daughter, Miss Eleanor Miller, and a long table was arranged in the Caliente Hotel dining room and after special music by Mr. and Mrs. Perkins, a number of beautiful gifts were presented the little lady by her father's many friends.

Dancing followed the dinner and it closed one of the affairs which are making Agua Caliente distinguished for its service and cuisine.

CARRACCIO GRANTED A NEW TRIAL ON MONDAY

Superior Judge R. L. Thompson on Monday handed down an opinion in the case of the People vs. Ralph Carraccio in the recent appeal case, after Carraccio was convicted on the charge of violating the prohibition laws. Carraccio is granted a new trial on the grounds that there were irregularities in that Police Chief Flohr, who swore to the complaint against Carraccio, also assisted in securing the list of jurors.

POLICEMAN WINS

PRIZE WALTZ
Joseph Coleman, patrolman of San Francisco and Miss Irene Mitchly of Alameda were the winners in a hard contested prize waltz at the Caliente bath house last Friday.

The contest was conducted under

the direction of Mr. Brown of Oakland and was very interesting.

While the contest was very close, those who really knew good dancing did not doubt for a moment that Mr. Coleman would win.

BEN BALLARD PROMISES EFFICIENCY AND ECONOMY

With progressiveness his policy and efficiency with economy his slogan, Ben F. Ballard, county superintendent of schools, is completing four highly successful years of service as head of the public school system of Sonoma county.

On Tuesday, August 29, he will go before the parents of the county, whose children he has worked for, to ask approval of the work he has accomplished and endorsement of the plans he has outlined for the future.

Ballard, after 20 years of active school work in Sonoma county, and because of his good record as superintendent, is rated among the foremost educators of California today.

He is a member of the California Council of Education, composed of about 40 of the best known education-

BEN F. BALLARD

al leaders of the state, and his candidacy for re-election to the office he now holds is endorsed by state school officers.

Ballard's activities as an educator in Sonoma county show nothing but advancement. From principal of the Windsor school, he advanced to principal of the Fremont school, then the assistant county superintendent. Four years ago he was chosen to take charge of its school affairs.

This experience has given him a broad knowledge of the county's school system and its workings and admirably fitted him for this office.

Ballard is a believer in progressiveness and has put into practice the slogan, efficiency with economy. Evidence of this is found in his work.

After 10 years of constant efforts in that direction, Ballard during his term as superintendent has brought about complete co-operation between the grammar and high school systems—one of the important steps toward greater educational efficiency.

Waging a continuous and persistent fight against the methods of large supply houses in charging high prices for supplies, Ballard has succeeded in eliminating some of the firms because of their unfair treatment of the school districts.

Largely through his efforts, the county has taken its place in California as one of the leaders in progressive work for the rural schools, and under provisions of the rural supervisor law, Ballard has outlined a program of activities in the interests of the rural districts which he hopes to carry out successfully in the next few years, giving to the rural pupils many new and modern advantages.

NAPA GRANGE JOINS SONOMA IN PROTEST

At a regular meeting of Napa Grange held in Masonic hall on Friday evening of last week, presided over by John Hartley, worthy master, the matter of the unfinished Black Point cut-off highway was brought up and caused lively discussion. Considerable feeling was expressed by members of the Grange toward the State Highway Commission because of unkept promises of that body in regard to this highway. Statements were freely made that the Highway Commission had not kept faith with the people of Napa county. A committee consisting of E. E. Douglass, A. M. Stanley, and F. L. Hunt was appointed to learn from the supervisors just what the present status of work on the highway is as compared with promises of work by the Highway Commission. This committee was empowered to take the matter up with the Chamber of Commerce and the Granges of Napa and Sonoma counties with a view of co-operative effort in speeding up the work on the said highway.—Napa Register.

MAYOR JAMES ROLPH WILL OPEN THE COUNTY FAIR

Mayor James Rolph, Jr., of San Francisco has consented to officially open the Sonoma-Marin Counties Fair and Exposition in Petaluma on August 16. The chief executive of San Francisco will be accompanied by a large delegation typical of Northern California.

Clad in overalls and top boots and wearing the official hayseed hat, trade mark of the fair, Rolph has been assigned to fall in line right behind Grand Marshal S. T. Brown and he will be mounted on one of Sonoma county's prize chargers.

At the old fashioned county fair that will follow, Rolph will be one of the many guests of honor. He has been selected to act as one of the judges of the buckboard race and the greasy pig race and after the awards have been made, he will squat down and partake of a generous basket lunch and then do a few steps with one of Petaluma's winsome maids in the old fashioned barn dance.

Petaluma is all hustle and bustle now in making ready to stage the biggest show ever planned in this section of the state. Invitations have been sent out to all the leading boosters of the greater Northern California movement.

Although the coming exhibition is primarily one for the exploitation of Sonoma and Marin county products, and especially eggs and poultry, the men behind the movement have offered a cash prize of \$500 for the best float or walking feature shown in the great parade in Sunday, August 20, closing day of the fair.

Every industrial body has been advised that its community is eligible to compete. The award will be based on the exhibit that best depicts the products or attraction of the particular community.

Social features and attractions have been arranged for each of the five days of the show and preparations have been made to handle more than 50,000 visitors from all sections of California.

The opening day has been set aside for the old fashioned parade, games, country fair and the like and will be called Farm Bureau Day. The second will be Jack London Memorial and

Marin County Day while the third has been arranged in honor of Luther Burbank, the plant genius, who will be honored by more than 10,000 school children of the two counties.

Saturday the fourth day will see the egg resplendent in all its glory and the feathered inhabitants of the two counties will monopolize the attention of the crowds. Sunday has been

set aside for Northern California review and development day, with the big parade as the main attraction.

Mr. and Mrs. Martin and son of Cordelia were in Sonoma this week and while here called on Mrs. L. V. Emparan, who went to school with Mrs. Martin, then Carrie Pitman, at the convent in Benecia many years ago.

During the Redmen's convention, the doors were open for three hours each day and according to the record kept by Mr. and Mrs. Borie, there were 103 visitors to the mission. This will give some idea as to the number of visitors that may be expected when the museum opens.
